Is there a covert campaign to deprave and corrupt the masses?
If so, who are the Architects of Evil behind this psyop? [1]

POSTER ON A CLASSROOM WALL
Do our children need this?

A recent pamphlet published by the German government contains these chilling words:

"Fathers do not devote enough attention to the clitoris and vagina of their daughters. The child touches all parts of their father's body, sometimes arousing him. The father should do the same." [2]

Toddlers are encouraged to indulge in "unlimited masturbation." Their parents are expected to offer practical demonstrations if need be — the better to produce sexual precocity in their offspring. "Children should learn there is no such thing as shameful parts of the body," the booklet advises. "The body is a home you should be proud of."

Children, it is suggested, should be taught the movements of copulation as soon as they reach the age of four, giving them what virtually amounts to a crash course in the Kama Sutra as soon as they have learned to walk.

Depravity, it seems, cannot be taught too early.

In Holland, things have gone further. Here a political party, set up by convicted pedophiles, clamors for the legalization of child pornography and intergenerational sex between children of twelve and adults old enough to be their grandparents. I forgot to mention bestiality. They want to legalize that too. [3]

Who is to blame for the sex addictions we see suppurating all round us? This licentiousness, growing by the day, thanks to the internet and the mass media, is far deadlier and more destructive than it was half a century ago, before the sexual revolution.

Those who are responsible for this sickening depravity are clearly the people who started the sexual revolution. They are the people, moreover, who control the mass media.

> **Who controls the media?**
>
> **Who determines the imagery and attitudes drip-feeding steadily into the minds of the public? Who runs Hollywood? Who contaminates mass consciousness? Who defiles the collective mind? Who pulls the puppet strings of marionette man? Who are the Bad Shepherds leading the sheeple astray?**
>
> **Who are to blame, in short, for letting the world go to hell in a handcart?**

I won't bother to answer these questions. More to the point, I dare not. If you don't know who owns the media — lock, stock and barrel — you're wasting your time reading this article.

Art and Sexual Subversion: The Vaginocentric Female Artist

Let me resume here my discussion of sexual depravity which formed the basis of my recent article **Secret Sex Life of the Jews (http://www.veteranstoday.com/?p=273199&preview=true)**; and let me begin by saying a few words on art, a subject I know something about.[4] And then let me proceed to the subject of pornography and consider its deployment in the systematic demoralization of the masses. [5]

First, ask yourself this question: is there anything intrinsically admirable or aesthetically pleasing about British painter Tracey Emin's attention-seeking leg-and-vagina paintings? When other artists offer us self-

portraits, they usually show us their faces. Not Ms Emin. Her idea of a "self-portrait" is to show us her uterus. [6]

Consider only these titles by the outrageously untalented Emin and draw your own conclusions about the decadent crap being rammed down the throat of the public by the Jews who control the art world [7]:

Everyone I Have Ever Slept With, *Fucking Down An Ally* (sic), *Asleep Alone With Legs Open* (several large-scale canvases of her splayed legs and vagina), *I've Got It All* (legs splayed again, clutching banknotes to her crotch), *Weird Sex*, *CV Cunt Vernacular*, *Is Anal Sex Legal*, *Masturbating*, *Get Ready For the Fuck Of Your Life*. [8]

(https://www.darkmoon.me/uploads/Tracey_Emin.jpg-3.jpg)

Feminist icon Tracey Emin: "I've got it all"

With titles like these, Tracey Emin could hardly fail. Her rich Jewish patron, advertising mogul Charles Saatchi, knew he was on to a good thing when he decided to promote the career of this pretentious confidence trickster masquerading as an artist. [9]

As the Gadarene swine hurtle over the cliff top, Tracey Emin and her kind lead the pack on their way down into the bottomless abyss. These are the dupes of organized Jewry. By doing exactly what appeals to art patrons (almost all Jewish; see below), these infinitely corrupt and untalented opportunists know they will become rich and famous.

> **The sad truth is that so many female "artists" – almost all of them rabid feminists and sexual exhibitionists – have nothing to sell but vaginas. [10]**

Here are ten other vagina-obsessed females, apart from Tracey Emin and the notorious Annie Sprinkle, who use sex — especially a focus on their own vaginas — to sell their "art": Karen Finley, Hannah Wilke, Carolee Schneeman, Andrea Fraser, Sarah Lucas, Marlene McCarty, Vanessa Beecroft, Malerie Marder, Katy Grannan, and Kembra Pfahler. [11]

(https://www.darkmoon.me/uploads/Schneemann-4.png)

Jewish artist Carolee Schneemann, drawing a paper snake from her vagina and calling it "art".

Being unable to paint properly or produce objects of lasting value, these exhibitionists like to display their vaginas to the world and call it "art". Here is one such exhibitionist, Jewish performance artist **Carolee Schneeman** [12], pulling a paper snake out of her vagina:

"**I saw the vagina** as a translucent chamber," she says, "of which the serpent was an outward model: enlivened by it's (sic) passage from the visible to the invisible, a spiralled coil ringed with the shape of desire and generative mysteries." [13]

Someone who had no idea what a vagina looked like would have a pretty tough time trying to figure out its appearance from Ms Schneemann's deathless prose.

Who helps to promote this kind of pretentious claptrap? You don't need three guesses to answer that question.

> **In 2001, ARTnews listed the world's Top Ten Art Collectors. Eight of them were Jews. Ponder these staggering statistics: A people who constitute 0.2% of the world's population make up 80% of the world's richest art collectors.**
>
> **Out of every thousand people in the world, roughly two are Jews. To be precise, one in every 457 people are Jews. [14] Yet go to a conference at which 1000 of the world's wealthiest art collectors have gathered and you will find, to your amazement, that 800 of them are Jewish.**
>
> **Phenomenal, isn't it? [15]**

Some of the vaginocentric exhibitionists mentioned above, like lesbian "performance artist" Annie Sprinkle, maintain websites blocked by porn filters. The aptly named Sprinkle—a *nom de porn* in honor of urolagnia [16] — is the lady who douched her vagina onstage in 1991, before lying down and opening her legs so that members of the audience, mostly male, could inspect her cervix with the help of a flashlight and speculum.

Performance artist, prostitute, porn actress, feminist icon, and lesbian diva of depravity, Ms Sprinkle would like us to believe that it is a form of "art" to masturbate onstage with sex toys, her legs wide open, and invite

members of a predominantly male audience to peer up her vagina with torchlight and speculum. (*See picture*)

She was recently invited by academic officials to show her vagina off at the University of Illinois, a hotbed of Zionist propaganda and power; here she was encouraged to give students an "orgasm workshop" — all this ostensibly in pursuit of "higher education". [17]

(https://www.darkmoon.me/uploads/Annie-Sprinkle.jpg-5.jpg)

Annie Sprinkle, Jewish feminist and pornographer, practicing indecent exposure in a public venue and pretending it's an "art form".

To make matters worse, Sprinkle's pathetic "look-at-my-pussy" acts were funded by the National Endowment for the Arts, a mini-empire controlled by the hidden hand of organized Jewry. [18]

♣

If Annie Sprinkle was to acquire fame and fortune by letting dirty old men take a peep between her legs, Hannah Wilke and Karen Finley sought variations in which the vulva was again put to good use.

The Jewish Wilke, being sadly deficient in originality, molded bits of chewing gum into vulvas and stuck them all over her body, calling it "art". [19]

Not to be outdone, Karen Finley decided to smear her naked torso with chocolate syrup [20] and performed public acts — using a yam — which I won't describe in detail in case nuns are reading this article. Rape, flatulence and menstruation formed the least offensive items in Finley's repertoire. [21]

Like Sprinkle, Wilke and Schneemann, Finley is also Jewish, given that her mother is of Jewish ancestry. [22].

So that's *four* Jewish "artists", all playing with their pussies in front of the world and being paid to do it by a Jewish-controlled government organization called the National Endowment for the Arts.

One begins to discern a subtle pattern here; or maybe it isn't so subtle.

♣

Performance artist Andrea Fraser [23] — amazingly, she isn't Jewish! — deserves first prize for sheer chutzpah. She is perhaps an illustration of the truth that however low a slutty Jewess can sink, a slutty shiksa can sink a bit lower.

This raunchy non-Jewish performance artist, who nevertheless finds it necessary to move in Jewish circles like Madonna and so many other gentile sycophants, arranged to meet a man at the Royalton Hotel in Manhattan, owned by Jewish hotelier Ian Shrager.

Above the bed, an overhead camera played Peeping Tom. The man was persuaded to part with $20,000 in cash for the privilege of helping to create a "work of art" with the frisky Fraser, the said work of art being a pornographic video filming the two participants copulating on a Queen-size bed. This sex video, now available for posterity, is pretentiously called "Untitled". [24]

It's not "art" we're dealing with here, of course; it's pornography pure and simple.

The Jewish Affinity for Porn

Jews are famously known to dominate [25] the world's $100 billion a year porn industry, roughly 90 percent of which is generated within the United States. As many as 260 new porn sites go online daily, more than 10 sites an hour. [26]

Since Jews are known to dominate the porn industry and comprise only 2% of America's population, it is reasonable to suppose that most of the new sites being started up every hour are being started up by Jews.

It is even more alarming to note how sex is now deployed by many American Jews as a weapon against Christianity with its socially cohesive and family-friendly values.

Jewish pornographer Al Goldstein's infamous words — **"The only reason that Jews are in pornography is that we think that Christ sucks" —** surely tell us all we need to know about the bitter hatred felt by so many Jews for the Western countries that have harbored them and given them hospitality for so long. [27]

(https://www.darkmoon.me/uploads/Al-Goldstein.jpg-7.jpg)

"CHRIST SUCKS!"
— Jewish pornographer Al Goldstein

Jewish hatred for Christianity is legendary, spanning the Jewish political spectrum, from the far left [28] to the neoconservative right [29].

It can hardly be doubted, as the ugly picture of the Jewish pornographer *(above)* makes only too clear.

♣

The arrogance and sense of entitlement of so many Jews, whose values Al Goldstein seems to have imbibed with his mother's milk, never cease to astonish me.

"The difference between a Jewish soul and the soul of non-Jews," Rabbi Kook assures us, "is greater and deeper than the difference between a human soul and the soul of cattle." [30]

Given that Rabbi Kook would be the first to agree that rabbis form the intellectual and spiritual backbone of Jewry, one is tempted to ask what makes a man become a rabbi in the first place. Is it the thirst for God? Is it the wish to save one's soul and help others along the path to salvation?

Here is Jewish actor Richard Pacheco who couldn't quite make up his mind whether to become a rabbi or a porn star:

> **Five years before I got my first part in an adult film … I went to an audition for an X-rated film with my hair down to my ass, a copy of Wilhelm Reich's *Sexual Revolution* under my arm and yelling about work, love and sex, which were Reich's three principles. These things have got to be in balance or your life is going to be fucked. [31]**

Note that Pacheco had signed on to the radical left-Freudian views of Wilhelm Reich — the wackiest and most extreme of the subversive sexual ideologies that emerged from psychoanalysis.

Jewish devotees of psychoanalysis typically saw it, first and foremost, as a blow against Christian sexual mores; hence, as a sneak attack on Christianity itself.

For Jews, psychoanalysis placed Western culture on the couch. It was an assertion of Jewish contempt for Christian culture: the culture of the outgroup now destined for the dustbin of history. [32]

Pacheco didn't get the job, but he kept on auditioning, since all he really wanted was to screw gorgeous blonde shiksas — doubtless an atavistic expression of Jewish hatred for the goyim, every act of sex being an act of revenge.

> **Five years later I auditioned for another X-rated film. That very day, I also interviewed at Hebrew Union Seminary to do rabbinical study. I made the choice that the kind of rabbi I would be, if I became one, was one that could have been performing in sex films as part of his experience. [33]**

Mindboggling, isn't it?

This dupe of the sexual revolution couldn't make up his mind whether to sing hymns to God or kiss the devil's ass!

In the end, it's the devil who won out.

Pacheco decided to build a career in pornography — with the full blessings, incidentally, of ADL chairman Abe Foxman who said that porn offered American Jews a valid and worthy way "to pursue the American dream." [34]

Richard Pacheco (born 1948) was the scion of an orthodox Jewish family from Pittsburg [35] From an early age, bizarrely, he was attracted to the rabbinate and to pornography in equal proportions.

He had wrestled for years with the decision whether to become a rabbi or a porn actor, praying in the morning for guidance and masturbating in the evening for fun, when it occurred to him one

(https://www.darkmoon.me/uploads/Richard_Pacheco.jpg-.jpg)

Porn star Richard Pacheco: he also wanted to be a rabbi.

day that he could up his number of orgasms per day if he chucked all the spiritual stuff and concentrated on raw sex.

So he did. And a porn star was born.

Featuring in over 100 X-rated films and winner of countless awards for his sexual prowess in front of the cameras, Pacheco was lucky to receive the loyal support of his wife Ashley.

Managing somehow to juggle a career in porn with a commitment to family life, Pacheco later had sex with with his wife — so we are told in Wikipedia — "considerably less often after they had children and AIDS became a threat, but he credits his pornography career for giving him the opportunity to continue sexual encounters for a time without endangering his home life." [36]

Here is Pacheco being interviewed after his retirement from porn. If you are a nun or under eighteen, I would advise you to skip the next bit:

> **As a young husband, I had no idea how to ask my beloved wife to be my "fuck-your-ass whore".**
>
> **Yeah, I wanted some of that kind of sex, some very, very selfish lust with a sex kitten. A "fuck-me-fuck-me" woman. There'd be corsets and leathers, high-heeled boots laced up to crotchless panties, breasts spilling out of nippleless bras in lush bordello bedrooms filled up with sex toys. Like blindfolds and vibrators, handcuffs and paddles.**
>
> **Yeah, and there'd be me with a genuine tarted up won't-say-no-woman. All the best drugs and oils in the world and plenty of time. And there'd be no "I love you" in any of it!**
>
> **I would meet this X-rated woman at the hotel where they were holding the auditions…and I would have sex with her right there in the hotel elevator! And then I would go gome to my wife." [37]**

Asked if he still watched adult movies now that he was a Senior Citizen, the former rabbinical student replied: "**Not much. Occasionally I'll toss one on for masturbation if my wife ain't around.**" [38]

One has to hand it to Pacheco. His neo-Marxist mentor, Wilhelm Reich, would have been proud of him. Because he managed to turn shamelessness into a virtue. Still, it couldn't have been much fun for his poor wife having a guy like this prowling round the house.

(https://www.darkmoon.me/uploads/Pacheco.jpg-9.jpg)

Richard Pacheco, a recent photo. (Ain't he cute?)

In 1984, Pacheco won the Best Couples Sex Scene (video) with porn star Nina Hartley. [39] In 1999, he was inducted into the AVN Hall of Fame with feminist porn diva Annie Sprinkle. [40] In 2000, along with Sprinkle, he was given a Lifetime Achievement Award by the Free Speech Coalition [41], an organization that had given Nina Hartley an award only a few months earlier. [42]

Note that these three luminaries of lust – Pacheco, Sprinkle and Hartley – are all *Jewish* pornographers and that the impressively named "Free Speech Coalition" is in fact a trade association set up in 1991 to safeguard the interests of "adult entertainers" – pornographers who for the most part are Jewish and are based largely in the Jewish enclaves around Hollywood.

So make no mistake: this sleazy industry, built on a foundation of onanistic lust and sexual libertinism, is Jewish through and through.

The "Free Speech Coalition" naturally rejects all claims that pornography is addictive, given that they themselves are directly responsible for nurturing that addiction and making money out of it. It also refuses to consider the possibility that serial killers and rapists could in any way be influenced by inflammatory erotica, though the evidence for this is enough to convince anyone except those engaged in the peddling of the same poisons.

For compelling evidence that pornography plays a significant role in the crimes of serial killers, see my earlier essay on this subject, "Masters of Porn: The Systematic Promotion of Sexual Deviance". [43]

In an important court case in 2002, Ashcroft v. Free Speech Coalition, the US Supreme Court decided in the Coalition's favor, thereby making it easier for pornographers to demoralize Americans, corrupt their children, and promote a general debasement of values — all this in accordance, incidentally, with the Frankfurt School agenda [44] of producing a "culture

of pessimism" designed to foster anarchy and promote impotent anger and despair. [45]

> **Our new elite is clearly engaged in the business of mind manipulation and mass demoralization, nor will it rest until it has rebuilt the world in the image of a new Sodom and Gomorrah – a dystopic nightmare.**

(https://www.darkmoon.me/uploads/SUICIDE-JUMP-10.png)

AMERICA, 2050

Conclusion

I have said before in an earlier article, and I will say it again:

> **A great storm is brewing and only a military coup or revolution can now save America. Save it from what? From the spiritual cancer that is consuming it from within, and from the foreign wars into which it is being lured – Afghanistan, Iraq, and soon perhaps Iran – on behalf of another nation and its indefatigable agents in America.**
>
> **Unless a miracle soon occurs and some charismatic leader comes to our rescue, an unimaginably bleak future surely awaits us: a future in which the only consolations left to us will be mindless entertainment, drugs, alcohol, sexual intoxication – and suicide. [46]**

Depravity appears to have no limits, as those who have surfed the internet have often discovered to their cost. The most appalling sexual addictions now render even children helpless. Many a marriage is blighted and ends in ruins amid these terrifying toxins.

And yet we are only at the beginning. We have many a slime-green step to go before we reach rock bottom. Abyss yawns below bottomless abyss and even to peer into these black moral chasms is to make us giddy with vertigo.

There is indeed no end to man's depravity or the deadly machinations of the Architects of Evil.

THE BECKONING DARKNESS

he should go to a city where he is not known and do the evil there."

Lasha Darkmoon never disappoints in her eye-opening, superb articles. This most accurate, hard-hitting expose will some day be considered a classic.

It rips open the world zionist "dirty 'em up" psychological war to debase western Christian and Deist based culture. The Noahide Talmudists blame all goyim for their supposed "holocaust" which, whatever it was, was done by their own leaders to create a paranoid racial delusion, allowing the formation of Israel and its use as the main cutout and agent for the zio City of London Central Banksters.

The real mystery seems to be the these zios constant lust themselves for depravity and perversion, believing it is fun and enlightening as well as their hidden agenda to destroy western culture with it. It is just the opposite and is nothing but a death cult. And the bolshevik revolution expressed this world zionist hatred of God and Man in its purest form.

Remember DHS and TSA are run by these same world zionist entities who want to destroy America and mass murder all Americas when they get enough power, just like in Bolshevik Russia and Maoist China.

More articles as revealing as this in the future please.

Interesting article and I appreciate the thorough referencing.

So I checked the original article and responses from 2010:

http://www.theoccidentalobserver.net/2010/10/sex-plague/ (http://www.theoccidentalobserver.net/2010/10/sex-plague/)

May I ask what happened to your direct response to Sophia's comment?

Darkmoon: "I have devoted an article to this comment. See here:

http://www.darkmoon.me/2011/too-much-sex-is-bad-for-you/" (http://www.darkmoon.me/2011/too-much-sex-is-bad-for-you/")

…. which is no longer to be found.

I did find this however from 2011:

http://www.henrymakow.com/darkmoon.html (http://www.henrymakow.com/darkmoon.html)

Given the similarity of the quotes may I also ask why Sophia was transformed into the transsexual Lola?

@ turtle

Lasha is too ill right now to reply to you personally. Suffice to say that Sophia was not "transformed" into the transsexual Lola. They are in fact the same person.

So Lasha informs me.

Sophia, who was always transsexual from the beginning and was undergoing a sex change from male to female at the time, had entered into some correspondence with Lasha. Sophia indicated that she did not wish all the details about her to be revealed to the public. Lasha later wrote about her, with many facts withheld, under the name “Lola”.

Lasha tells me that “Sophia” now has her own libertarian website which is open only to selected club members, i.e., you need to have a password to enter the website and read content.

Even more bizarre, Sophia/Lola revealed to Lasha that one of the reasons she wanted to switch from the male to the female gender was not — as you might suppose — in order to enjoy sex with men as a new woman, but in order to enjoy *lesbian* relationships with women.

“Sophia/Lola”, originally a man with a fully developed penis, felt that he was basically a lesbian woman trapped in a man’s body.

A stranger story than this I have not yet heard.

The article "Too Much Sex Is Bad For You" was originally published on this site and ran to 2,500-3,000 words, i.e., it was a full-length article twice the length of the similar article you read on the Henry Makow site.

The article dealt methodically with each point Sophia had raised in the original email to Lasha and which you read posted in the Comments section of the Occidental Observer (article "Sex Plague").

It remained online for about 6 months and was then deleted, along with several other articles, poems and translations written by Lasha Darkmoon. This was at Lasha's request.

The article had contained material which I think may have have been offensive to the sensitive Sophia, and it was in order to spare her feelings that we decided to delete the article.

The more I read about the Jews, the more I am led to think why would anyone be so upset with the Germans and their efforts to eradicate them. Then I read here on VT (and other websites like this) that there never was a holocaust, and I am left in the dark about that history.

How can such a small number of people like the Jews take control and operate unchallenged in this world where so many hold dominance of them? How can this be?

Lasha, your offering here is sickening! It needs to be said though — and I am glad you did. How informative and enlightening, but at the same time how sickening to know my government allows these deranged people to intimidate, manipulate and mentally fornicate decent Americans who are unaware of their sociopathic behavior.

Obviously they are SICK SICK SICK, and in need of being stopped in their quest to tarnish and poison the minds of our youth. They are devious. They are an incendiary and vile group of people with hideous intent to destroy common decency in the world.

There is little doubt that the jews (along with many other religious,racial and social groups) were victimised in Nazi Germany (and many other countries)… just like many other religious,racial and social groups throughout history .

Placing potential “enemies of the state” (religious,racial or social) in internment or concentration camps is standard modus operandi for any country at war.

Why such an event in so far as it applied to the jews needed to be given the special name “Burning of the whole” (http://en.wikipedia.org/wiki/The_Holocaust (http://en.wikipedia.org/wiki/The_Holocaust)), I will leave for the psycho-historians to answer. The single word is highly emotive and means different things to different people depending on their degree of “education”.

I deny that the word “holocaust” means the same thing to everyone and therefore I claim that is an inappropriate generalisation for describing an event of such complexity.

I doubt we will ever know the truth or be permitted to understand the reasons for what happened as like any narrative to maintain its purposeful impact it needs to be embellished with each (and every) retelling.

This is one of those Darkmoon articles which sets her apart from the maddening crowd. Good work!

Many of us who were coming along in the seventies (I was in college from 1977 to 1981) can remember the onslaught of porn. The place I went to school was known as a VERY TRADITIONAL, small, private, liberal arts college. All-male, with five surrounding girl’s colleges within fifty miles. My biggest surprise, there, was to find that something called ‘The Student Activities Board’ showed Friday night porn films (remember Marilyn Chambers – the Ivory Snow girl?) at a campus auditorium. Most of us, I think (including myself), had NEVER seen a porn flick – so, you know….. (My sweet little girlfriend

begged me to take her to see one – but, at that time in my life, I was STILL of the notion that 'Nice girls don't go to things like that!')lol 🙂

Anyhow, most guys raised around that time can almost recount the stages of decline in
(American) society from then until now. It was about the time that the 'hippy
movement' was winding down, but the idea of 'Free Love' had taken hold. For young, good-looking guys with money, there was 'PLENTY of pussy' to be had. Now, I suppose, that stage has led young people to more liberal license in sexual orientation.

The proof is in the pudding.

Just for your information: in my country Holland (The Netherlands) there have been initiatives for a pedophiles party in the past, but the pedophyles society is forbidden by law now (let

alone a political party). Sex with children below the age of 16 is forbidden by law (before 2003 below age 12). Bastiality is forbidden by law in our country sine March 2010. As you can see, laws in our country have become more strict. Acceptance of pedophylia in our country is minimal.

Great article, Lasha. Very pointedly informative. But you seem to not understand who you are actually dealing with when you discuss the Jews. This comment of yours proves the point: "This dupe of the sexual revolution couldn't make up his mind whether to sing hymns to God or kiss the devil's ass! In the end, it's the devil who won out." By this, you are assuming that the Jews actually choose between singing hymns to God or kissing the devil's ass. This is incorrect because the god of the Jews is actually the Devil, himself. It has never, ever been God — as their actions and teachings prove — and as Jesus pointed out.

With their Jewish circumcised penis fetish as a basis, the Jews are the world's leaders in masturbation, homosexuality, pederasty and all other perversions of Nature. Simply because these sick perverts believe that their demon-god approves of anything that

they do, all of the sickness of Society that you have observed comes from the Jews trying to make society into a proper sewer for accepting Jews and Judaism. All of Jewish depravity is hard-wired into the rabbinical teachings of the Babylonian Talmud, so one really doesn't need to be slandered by the Jews as a "bigot" or one who has a "prejudiced opinion of Jews" because the proof of my statements are found in the rabbis' own writings.

Your essay is very true. Your observations are accurate. You know that they are bad, but I don't think you truly understand how very evil the Jews really are. Jesus and Hitler Told the Truth about the Jews: the Jews are Devils. Real ones!

> "In the U.S. Cotton states, after the war … the Jew came down in force, set up shop on the plantation, supplied all the Negroes' wants on credit, and at the end of the season was the proprietor of the Negroes' share of the present crop and part of the next one. Before long, the whites detested the Jew.
>
> The Jew is being legislated out of Russia. The reason is not concealed. The movement was instituted because the Christian peasant stood no chance against his commercial abilities. The Jew was always ready to lend on a crop. When settlement day came, he owned the crop; the next year he owned the farm.
>
> In the England of John's time everybody got into debt to the Jew. He gathered all lucrative enterprises into his hands. He was the King of Commerce. He had to be banished from the realm. For like reasons, Spain had to banish him 400 years ago, and Austria a couple of centuries later.
>
> In all ages Christian Europe has been obliged to curtail his activities. If he entered upon a trade, the Christian had to retire from it. If he set up as a doctor, he took the business. If he exploited agriculture, the other farmers had to get at something else. The law had to step in to save the Christian from the poor-house. Still, almost bereft of employments, he found ways to make money. Even to get rich. This history has a most sordid and practical commercial look. Religious prejudices may account for one part of it, but not for the other nine.
>
> Protestants have persecuted Catholics–but they did not take their livelihoods away from them. Catholics have persecuted Protestants–but they never closed agriculture and the handicrafts against them. I feel convinced that the Crucifixion has not much to do with the world's attitude toward the Jew; that the reasons for it are much older than that event…

I am convinced that the persecution of the Jew is not in any large degree due to religious prejudice. No, the Jew is a money-getter. He made it the end and aim of his life. He was at it in Rome. He has been at it ever since. His success has made the whole human race his enemy. —Mark Twain (S. L. Clemens), 19th c. American writer. ("Concerning the Jews," Harper's Monthly Magazine, September 1899)

Twain's opinion on the Jews is probably the best-kept secret in American literary history. Immediately after his death, his eccentric daughter Clara married-or was married by-the Jewish piano player, Ossip Gabrilowitsch. Twain's publishers were given speedy instructions to delete "Concerning the Jews" from the collected works, where it had appeared in the book "The Man That Corrupted Hadleybutg & Other Stories."

Since Jews provided most of the agitators and orators who pushed forward the Abolition campaign that culminated in the Civil War (which Jewish bankers largely financed, on both sides), it seems a legitimate question whether there was any pre-planning for the wholesale–and retail–economic looting done by mainly Jewish carpetbaggers after the war.

Isn't Al Goldstein wearing a jacket made of *snake skin* in that picture? A fitting dress for such a creature!

As for Pacheco, the expression on his face in that recent photo of his is purely demonic. I'm more and more inclined to believe that Jews are in fact a group of *demonic souls* incarnated among us with the special intent to destroy us. Nothing of their behavior can be explained as an understandable reaction to persecution. They behave in the most destructive way where they are not persecuted at all : in America.

They are entirely different from us human beings, and they themselves say so. They are not human, they are anti-human demons.

Excellent article!! If not for Lasha Darkmoon I wouldn't know about this part of society because I don't attend any art openings and don't read the right media. But I reached a similar conclusion that there is a definite phallic worship aspect to Judaism which is obsessed (I mean it comes up with the regularity of the Holocaust which seems to be on everyone's mind 24/7) with the penis and circumcision. Imagine a family occasion where everyone is sitting around the table at Chanukah and there is a new baby girl in the family which despite the cutsie cooing going on there is disappointment too because a boy provides so much excitement around "you know what." So is it any wonder that Jewish women want to make such a big deal of their vagina that has led to so much disappointment. They are going to be darn sure that everyone appreciates it with equal adoration.

Phallic worship apparently was popular in the ancient world in cultic form. There are these amulets of the cults throughout ancient artifacts. This might be the first time, though, that this cult has become the dominant culture. It arrived not through the normal circuits but through stealth because this aspect of Judaism is denied vigorously. The 12th and 13th Century cabalists apparently created a whole symbolic language to hide what they were really talking about in the theurgic ceremonies (I named them theurgic), and not surprisingly the Frankists who were the founding fathers of Reform Judaism (probably also vigorously denied) were famous for sexual deviance. None of this is ever really acknowledged although I did read a book on the Kabbalah that deciphers the code…never read any actual works of Kabbalah, which apparently are unreadable.

Although I don't think it's good that these perverts dominate our culture, I also see their perverted ways as part of the spectrum of human experience. You could also call war human and murder human and rape human, bestiality, etc as part of human experience too. We are a weird species. Depravity has always been there but in the past these appetites were repressed for the sake of the practice of virtue and the elevation of the human to be a greater reflection of the divine. We may be a race of demons in need of salvation. The ancients knew the path to choose goes upward, not downward. Control of base appetities not indulging them.

I want to add that in Catholicism the iconic image is one of the mother adoring her child. This is what is in the consciousness of young women raised in the Christian world–that God has a special destiny for women conveyed in secret. I always had this feeling that I had a divine purpose in the world, and for me it didn't necessarily relate to motherhood although motherhood was beautiful and important. In the Jewish world motherhood has no real position except as the "Jewish mother" who is a very negative character, and no wonder she is negative given the negativity thrust on women in Judaism. Women are expected to do all the cooking, cleaning, and still have to work while the men often don't work but study the Talmud and Torah, at least traditionally. And traditionally women have no place in the religion except to keep kosher. The attachment between the mother and her child is ruptured early on(mother being absent at work) leading to all sorts of problems that need to be identified, and analyzed like "attachment theory." And maybe the first real connection a Jewish man has with a woman might be through sex, not through the mother. So many Jewish men loathe their mothers and can hardly wait to find some sweet non-Jewish woman to nurture them in a way they never got as infants in their home culture. Yet they also are attached, too attached, to Jewish culture which is kind of like a mother, or the closest they had to a mother because they belonged somewhere. And if they reject that then they will be utterly lost.

The attachment between the mother and her child is ruptured early on, at time of genital mutilation (mom, where were you when they cut up my dick live and the rabbi ate the bloody foreskin – i was enjoying the show son, is that the same rabbi that abused you in shul? how sweet)

The whole consept of the Jews beeing behind free love,outside wedlock is totally insain.
Everybody who have at least a little education in theology knows,that it is in fact the Jewish laws from Torah that have brought all the hysterical sexuality tabu the world have suffer from,since the jewish-christians influenced the faith of the early christian church.
So all these connections in this article have no foundation in reality and is just a good example of how some peopel decide how things are supposed to be and then becomes happy to find things they think can support what the decide is the truth.
Seldom have i,as a old Bishop,seen so much totally insain suggestions.
The author of this rubbish have prooven to be totally ignorant in what the jewish religion have done or not done.
Jews have certainly not introduced the world to promiscuity.
Their sexuality ideas is absolutely the reverse.

I have copyed this incredible article and noone yet of my collegues have said nothing else than it is 100% insanity and a total contradiction to history and reality.

Satans best trick is lies.

These Jews engaged in pornography are all secular of course, but if you think religious Jews are any better I would advise you to google “orthodox Jews paedophilia”. For starters read Rev. Ted Pike’s article “Pedophilia ‘rampant’ in orthodox Judaism”. Incest is also practised among Jews, whether religious or not.

January 31, 2014 at 5:26 pm (https://www.darkmoon.me/2014/sex-plague-the-normalization-of-deviance-and-depravity-by-lasha-darkmoon/#comment-439035)

Well stated Kevin. I have been saying it for years, Jews have something for everybody. I you want to place the blame for all social ills eating away the nation like slow-acting, caustic acid,

there is the Illuminati, the Masons, big business or Alien Grays, take your pick of anyone or everything – but the Jews. These are strategically placed to distract one form seeing and admitting the obvious. G.L. Rockwell stated it regarding their various methods of propaganda.

From Ivory Tower To Privy Wall: On The Art Of Propaganda

by George Lincoln Rockwell (circa 1966)

If each of the men in the fable about the blind men and the elephant were required to construct a model of an elephant, there would be three very different models. The blind man who felt only the tail would build a model as he described an elephant in the fable — as "a sort of rope." The blind man who felt the leg and said an elephant was like a tree would produce a tree-like "elephant," while the man who felt only the trunk would construct his "elephant" like a snake.
Most men I have met in politics consider themselves automatically experts in the field of propaganda. But almost all of them make the same type of basic error in their propaganda as did the blind men in describing and reconstructing an elephant; both suffer from insufficient experience with the subject. A right-wing businessman, when he gets sick, doesn't try to doctor himself, nor does he try to practice law himself, nor does he even try to do his own advertising. He hires professional experts to do these highly technical jobs for him. But when that same right-wing businessman wants to move the people of a whole nation to an understanding of our national peril, he doesn't hesitate to spend relatively huge sums trying to write and produce his own amateur propaganda. In almost every case he produces propaganda which he likes, completely forgetting in his political excitement that the art of propaganda (and advertising) is not in producing that which one likes and admires one's self, but that which will produce the effect

desired — sales in the case of advertising and political conviction in the case of propaganda. Because he is able to think, he presumes that his audience is also able to think – a completely unwarranted assumption. Because he himself is repelled by crudeness and exaggeration, he makes his pitch factual, logical, and usually subtle. In addition to this foolishness, he also forgets that the average man in the street is emotionally assaulted during all his waking hours by advertising brilliantly designed by experts to capture attention through the most powerful kind of psychological impact. The average right wing piece, crowded onto a page, verbose, and dull, is not only not able to win the attention of the average man amid all this competition, but positively repels him.

Even worse propaganda mistakes are made by both those at the top and those at the bottom of the right-wing intellectual spectrum. Because they can't read and understand "them big words," the Klan types are "agin'" anything other than the crudest and most brutal of approaches. "Hit 'em 'longside the haid with a two-by-four," is the motto of these boys, and any attempt to produce anything else is likely to get you called a "Communist-Jew spy," or get you hit "'longside the haid" yourself. This type loves the American Nazi Party's "Boat Ticket to Africa" and the Stormtrooper, for instance, but rages that the Rockwell Report is too "long" and "dull."

At the other extreme is the Ph.D. right-winger who hurriedly claps his hand over his mouth and gulps in nausea when one shows him something like our all-time most popular propaganda piece, our "Boat Ticket to Africa," full of expressions such as "nigger-armpit stench" and the like. Because this refined gentleman prefers to read Spengler or Gobineau, he can't imagine that the ideas of these men might be gotten across to a semi- literate farmer better with a "boat ticket" than with a volume of Houston Stewart Chamberlain.

In the middle group are the Birch-type blind men who produce millions and millions of dollars worth of wasted propaganda; wasted because it is not designed to do the job they really want and need done, but is instead what they like to hear. These people have never yet stopped to reflect that in order to win they need not just the thinkers — the right-wingers, the bourgeois, rich folks, and the rest of the elite minority – but the vast masses of the people who support demagogues like Johnson, FDR, and Kennedy. Goldwater's catastrophe was the result of producing propaganda and campaigns designed to win thinkers instead of masses. The result was that twenty-seven million Goldwater thinkers were swamped at the polls by some forty-three million Johnson wishers and hopers, who can never, never, never be reached by "conservative" logic, facts, and boring, sissy tea parties.

The worst waste of money I have ever seen in the whole field of propaganda was the special Sunday supplement the Birch Society put out not so long ago in newspapers all over America. It cost as much as a quarter of a million dollars in some cities. Had it been designed to appeal to the mass, the "average man," the man who votes with his heart instead of his head, it could have been worth the millions it took to publish. But it was foolishly aimed at a relatively tiny minority. On the front cover, in full color, it showed a typical Birch Society meeting, in the home of a man obviously wealthy – in the kind of living room which would make the average, working-class, overalled American uncomfortable. The Birchers were sitting around sipping tea with their pinkies daintily extended, and the whole atmosphere was foreign, ridiculous, and even painful to the man in overalls — to America's millions of "ordinary Joes." There might have been some sense in printing that piece in Fortune. But to spend money to put that advertisement (which could reach only the rich and the sophisticated) in a mass

medium, at the cost of a mass medium, was the kind of thoughtlessness which keeps the right wing powerless, eternally defeated, and discouraged.

Does this mean that the Birch Society's high-level appeal is a total waste? Should all their propaganda be like that of the Klan? An elephant is neither all leg nor all tail nor all trunk. A complete, whole elephant needs all of these parts to live. The Jews, masters of the art of propaganda that they are (unlike the right wing), have understood this fundamental truth and have organized their "pitch" to appeal to all levels.

For the kids and the primitives — for the "masses" — the Jews produce comic books and comic strips; crude, apparently "obvious" television programs, movies, and radio presentations; and the sort of printed material one can find in True Confessions and similar magazines – or on privy walls.

For the lower-middle classes, they provide pseudo-"objective" and thoughtful television "documentaries," which flatter the unthinking bourgeois into imagining that they are participating in a scholarly and high-level "study" of a controversial subject, while actually the Jews are pumping into their smug, ego-blinded minds massive doses of raw lies and hatred. They also provide this kind of "intellectual" pap in Look, Life, and other mass-circulation periodicals.

For the upper-middle classes — the college graduates, professionals, and business executives — the Jews produce their Harper's Magazine and Atlantic Monthly "think-pieces," which are genuinely intellectual but nevertheless so subtly poisoned by false basic assumptions and misdirections that all the thinking in the world is bound to lead only to error. This is the sort of thing one finds among the sincere race-mixers and liberals, who have been taught, as religious dogmata, that anything other than democracy is unthinkable, that black men are only white men with dark skins, and that all opponents of

liberalism are “fascists” who seek to murder almost everybody and who have no ideas other than bloodshed and tyranny. Starting with these as unquestionable premises, the most sincere and well-intentioned “thinking” in the world can produce nothing but the race-mixers, liberals, beatniks, rebels, and lost souls who are swarming like maggots in every intellectual center of our civilization.

Finally, there is the devilishly clever, ivory-tower propaganda designed for the truly intellectual and highly sophisticated academic community, which actually does examine even basic premises. For this latter, elite class, even though it is tiny, the Jews spare no effort or money. For were the intellectual leaders of a nation to see through all the propaganda on the lower levels, it would sooner or later be disastrous to the Jews, when the elite had warned the masses. For this minute, top group, the Jews actually produce manufactured “facts” of the most basic nature.

To give an example of this incredible process, let me cite the method they have used to make it a dogmatic “fact” that there are no measurable, scientific differences between races and, therefore, no races at all! The Jews first got a few of their boys into top university spots (Columbia University being an outstanding, but by no means unique, example) with the express purpose of giving academic respectability to their “there-is-no-such-thing-as-race” lie. One of the first and most important of these was Franz Boas, a Jew heavily involved in communist causes, who sent congratulations to Stalin on his birthdays {Jewish Voice, January, 1942} and whose red record cannot be doubted by any objective observer. This communistic Jew began teaching anthropology at Columbia University in 1896 and dominated the anthropology department there until his death in 1942. Meanwhile he produced one book after another “proving” that there were no

such things as racial differences among men {Kultur und Rasse (Leipzig, 1914); Anthropology and Modern Life (New York, 1928); Aryans and non-Aryans (New York, 1934); General Anthropology (Boston, 1938), The Question of Race: Aryans and non-Aryans. Are They Distinctive Types? (New York. 1940); Race, Language, and Culture (New York, 1940): Race and Democratic Society, a post-mortem collection of his writings (New York, 1945), to name but a few.} The whole of Jewry pitched in to boost their boy. Boas was praised in every Jewish-owned newspaper and periodical and given every academic prize they could promote. Little by little, Boas gained such "stature" by this Jewish mutual-admiration society technique that he became an "acknowledged authority" in social anthropology and ethnology. His students and colleagues at Columbia — Herskovits, Klineberg, Ashley Montagu, Weltfish — as unsavory a collection of left-wing Jews as one might hope for — spread his doctrines far and wide, deliberately poisoning the minds of two generations of American students at many of our largest universities {Carleton Putnam, Race and Reason (Washington, 1961), pp. 18, 47}.

Meanwhile, honest race researchers were given the opposite treatment, full use being made of economic boycott and unlimited intellectual smear. Honest anthropologists couldn't get their books published or, if published, distributed {Ibid., pp. 19, 49}. As just one instance, at the time when Boas was at the height of his destructive activity, Madison Grant, president of the New York Zoological Society and a trustee of the American Museum of Natural History, wrote a study of the racial situation in America, entitled The Conquest of a Continent, or the Expansion of Races in America (New York, 1933). The book was flatly contradictory to the Boas-Jewish racial propaganda and sounded a clear warning of the impending danger of serious racial degeneration in the United States. Whereupon the Anti-

Defamation League of B'nai B'rith issued a circular letter to publishers, dated December 13, 1933, in which they blatantly stated that Grant's book was "antagonistic to Jewish interests" and demanded that it be "stifled" – as it has been! Copies of this book — and any honest book about race — are very hard to find. They are almost nonexistent in the university community — in such places as college bookstores and all but a few of the largest university libraries.

This whole intellectual fraud would never work if our side had sense enough to understand it and courage enough to stand up to it. But our side can never understand, let alone fight, this vicious Jewish perversion of our people and their minds as long as our side, like the aforementioned blind men, remains utterly mulish in its insistence on amateur and one-level propaganda efforts. The left wing has its organizations and its propaganda at all levels. And the whole left aims the same way — right at your heart! They have their Dean Achesons, their Harvard professors, their White House presidential aides. But they also have their brutal goon squads in the streets of the steel towns, ready to crack the legs of their opponents over a curbstone, as is their quaint custom. In between, they have their "soldiers" at all levels, and they are all part of the same army of hate against the white man and Western civilization.

Let one of my supercilious, intellectual critics just spend an evening watching television or reading a teenage magazine — not for pleasure, but to analyze the masterful methods of the Jewish brainwashers, and he will see that they do not use intellectual propaganda exclusively to do their devilish work, but also the most stupid, obvious, and brutal anti-intellectual stuff imaginable. At the same time, let him examine the explosion of scatology on any big newsstand and see just what primitive, rough propaganda the Jew produces for the mass mind. Even the pornographic, illegal "comic books" smuggled

from kid to kid and man to man are loaded with propaganda for race-mixing and degeneracy. And there is nothing subtle about the disgusting magazines openly sold for queers.

The Jews do not confine their attack on us only to gutter propaganda or only to goon squads; God knows, they certainly have flooded America with their filthy and degenerate "literature," "art," and "poetry," with their "comedians," their warped stage plays, and their savage, jungle "music," while there are still plenty of communist muscle squads to break your head open if they can't pervert it. In short the enemy has brought about a "black miracle" of subversion of our people with his multi-level propaganda, while the reply of the leaders of our people has been almost entirely an attempt to "prove," with facts and arguments, that all this is "wrong." Right and wrong in propaganda have no meaning. There are only effective and ineffective. Jewish propaganda couldn't be more wrong, objectively speaking, but it is almost always right, psychologically. It is carefully aimed; it is designed for a specific audience; it is not concerned with what the producers think and feel, but with what the audience thinks and feels; and it is uniformly excellent and successful in doing the job for which it is intended.

Right-wing propaganda, to choose a contrary example, is almost always wrong. It is invariable, single-level material — usually aimed at the upper middle class. It is utterly disdainful of the audience and endlessly insists that "the truth will make us free," if we just get out enough "literature" (almost none of which is read by prospective converts). Almost all right-wing literature is read by other right-wingers who do not need it. It is basically reactionary, concerned almost wholly with money, taxes, and protection of wealth and vested interests (masked, of course, with "deep concern" for the Constitution, "our American way of life," and the like). It is incredibly snobbish

and contemptuous toward the kind of horny-handed, working, hard-pressed "ordinary Joe" who, in his millions, makes up the masses which have kept FDR, Truman, Ike, JFK, and now LBJ in office.

Surely we need the truth and facts and arguments — but only to win over the officers and noncoms of our counter-revolutionary forces and then to educate and train them for intellectual combat with the well-trained forces of the enemy, not to convert the masses. To try to use the "facts and arguments" method with the masses of the people is the eternal stumbling block of the right wing. By insisting on only this method, in its pure (and dull) form, not only the right wing, but any movement of national regeneration, insures that its material is read only by itself and the few Jews whose professional job it is to study and neutralize its material.

Hitler's National Socialist movement not only did not make that stupid mistake, but brilliantly exploited every field of propaganda with inspired material, scientifically designed not only to appeal to a few stuffy professors — but to move people, to move millions of people in the direction desired. Hitler had Julius Streicher's Der Stuermer, full of the wildest and wooliest sensationalism, designed to smash its way into the consciousness of the masses, as it did. He also had the regular party press, designed to reach and convince the great middle class. And, for the university community, he had the esoteric material of Alfred Rosenberg, Gottfried Feder, et al.

Again I stress that, whereas the academic scholar is most powerfully influenced by a logical, heavily footnoted dissertation at the highest intellectual level, the simple farmer or worker is utterly perplexed and repelled by "them big words" and is moved most effectively by a brutal and earthy presentation of a thoroughly subjective, grossly exaggerated picture of any situation. Only the latter class of propaganda can

yield the sheer weight of numbers of persuaded people needed to sweep into legal political office. The major propaganda of a mass movement, therefore, must be of the elementary, direct, and emotional kind which alone can win honest hearts (and empty heads) — "boat tickets" and the Stormtrooper.

When I began, I purposely made my propaganda as brutal and shockingly rough as I could, simply to force attention. And I have kept everlastingly at the business of building a simple and direct image of all-out hostility to "Jews and niggers" in the minds of millions of Americans, regardless of the costs in other respects. (And when I have the rare opportunity to use some mass medium, as was recently the case when I gave a long interview to Playboy, I am forced to walk a careful line between what I should like to say and what the enemy would like to hear me say. Unless I deliberately sound at least halfway like a raving illiterate with three loose screws, such an interview would never be printed. This is another thing that most people fail to understand about my "Nazi" technique.) After I had become known to most Americans, I published the Rockwell Report at a somewhat higher level than my previous material to begin to recruit some of the brains and funds we needed to proceed. When this had begun to bear fruit, I used the talents obtained with the Rockwell Report to get back down to the people's level and produce a publication designed for the masses, for the "average" man, the comic book reader, kids: the Stormtrooper. As planned, this is now our most popular and largest-circulation publication. And were it not for the Jewish ownership of the news distribution business, we could sell Stormtroopers literally by the millions.

My Ph.D. critics regularly berate me for the vulgar and brutal material in the Stormtrooper. Because these gentlemen don't like to see the word "nigger" in print, or crude drawings of Jews, they often insist that I am a damned fool, a hoodlum, or an

agent provocateur, trying to ruin the whole movement by printing such rough stuff. These sincere but pitifully blind men are going to have to understand that one can't win elections with Ph.D. votes. As Goldwater proved, one can't win elections even with all the upper classes. It is the vast masses of the lower classes, the beer-and-dirty-joke-loving workers, on whom we must depend finally for survival. The Stormtrooper with its pages full of cartoons, violence, insults, jokes, and general hell is exciting and readable to men who would never, in a million years, pick up and read a right-wing tract.

With a base of operations established and with successful publications directed at both the lowest and the middle-class levels, the movement is finally in a position to afford the relative luxury of a publication directed exclusively at the academic intellectual-professional class. The National Socialist World, now in your hands, is designed not only to reach but to move people in that category. Perhaps our material is not what you, personally, enjoy most. But our aim, and the aim of the World Union of National Socialists, is not to produce material to please our friends — but to win over millions of those who are now our enemies or who are oblivious to both sides. The years of success with the Stormtrooper and the Rockwell Report give me confidence that the new National Socialist World will also do what it has been carefully designed to do — that National Socialist World will beat its way into the highest intellectual circles just as the Stormtrooper smashed its way into the minds of the juveniles and working folks.

Finally, if you'll permit me, I'd like to drive my principal point home with one more analogy. If you own a grocery store, and a man comes in from a painter's truck in overalls to buy groceries, you don't try to sell him a one-ounce jar of Russian caviar at two bucks a throw. You offer him beef, potatoes, and bread. If a French diplomat comes in, you don't offer him hawg

jowl; you might try the caviar. It is the same with propaganda. If you wish to win the "trade" of all potential "customers," as we must do if we are to survive, you must have in stock a complete line of goods, especially the kind of goods most desired by the majority of your potential customers — and that means bread, potatoes, and beef, not caviar and truffles. If you can open a special store to peddle only caviar and truffles, do it in the silk-stocking district. Conversely, if you want to open another branch to sell only chitterlings, hawg jowls, and the like, then do it in the "nigger" section of town. And if you want a mass grocery business, in the name of sanity, stock up on something besides caviar and truffles. We intend to win enough "customers" to become masters of the grocery business, against the competition of the greatest and most complete "chain" operation the world has ever seen: "The Sheeney Supermarket," which stocks something for everybody. To do it, we have designed some great products to appeal to specific customers: the "hawg-jowl" Stormtrooper, the "Delmonico steak" Rockwell Report — and now the "Cherries Jubilee" which you hold in your hand – National Socialist World.

Practising what you preach. I hope we have some intellectuals who will read those excellent insights on the “Art of Propaganda”. Very long but worth it if you want to be effective… and you don’t need to be a national socialist to agree with (most of) it.

I brought this up previously but probably no one read it.

There can be no doubt that Yahweh is Devil and the proof is straightforward.

Show me one monotheistic system where God preselects subjects for preferential treatment, totally independent of earned merit, ie, God that openly institutionalizes injustice. And it is the Universal God, once again, for clarity. He does not reward good nor punishes evil, it is all predestined by “pudenda conceptio”.

As far as I am concerned, this closes the discussion, I need no more proof of Yahweh’s diabolical nature and thus the intent of his favored creation, the Unclean tribe, I can rest my case.

But there is so much more, Yahweh’s insistence on deceit and lying (Kol Nidre), theft (the wholesale ripoff of Egyptians), uncompromising slaughter of everything that breathes (the Amalek, the stark punishment meted out to the king that spared the Amalek virgins and the king for later sacrificial entertainment, the Canaanites, the Philistines, the Persians, the

Christians, the Russians, Germans, Ukrainians, the Africans, the gentiles), the promotion of slavery, of human sacrifice, mindless, unquestioning cruelty … the list goes on.

God? No, Devil, of that can be no doubt. And in today's world, the only enforced law is obedience to Devil, otherwise, by perfidiously twisted humor, you are guilty of hate crime. All other crimes against the man, nature, society, esthetics and decency are encouraged and enforced.

Maybe in the End, the Real God will intervene, step in and save us.

But why, do we deserve it through our cowardice? Why shouldn't He ask, and where have you been, why didn't you resist, knowing full well the score?

The basis of human life is a want for freedom, since freddom is what human beings are destined to.

Animals are not destined to freedom, they are destined to obedience to their instincts, and thereby they are not free. Of course they, the animals, are free from having to make choises,

and thereby in a way free in a way that human beings never can be, but they are at the same time not free to be disobetiant to their instints.

Now this is the fundamental difference between animals and human beings, which is the difficult thing to handle.

Many human beings do not want to have to make choises of different kinds.

They prefer to be – slaves – . Freedom, and responsibility is for them scaring. They prefer that others make choises for them. They prefer to obey.

Freedom is thereby not something attractive to all people.

But the human being is forced, either willing or not, to accept his human condition, which is to have to make choise between good or bad, or between right or wrong, between upward or downward, healthy or unhealthy, life or death and so on and so forth…

To be an human being or to be an animal…..

A clear distinction ought to be made
between porn and erotica.
They had a topless dancer in at least
one UFA/3d Reich film, when in the
Jew/hypocrite-run Hollywood this
would have been strictly verboten.
Women who married soldiers were
paid a wage, so they didn't need to

resort to prostitution — and could actually afford to be married. Pregnant women and mothers were paid 'Mutterhilfe' — Mother's Help, when in most other parts of the 'civilized world' they would have been fired from about any job — and ever so kindly allowed to die in the gutter.

Don't blame Zionist Jews alone for corrupting the Christian world with pornography, open sex and LGBT. They could not have done it without the blessing from the Christian religious and political leaders.

In October 2013, when Pope Francis was asked to do something to save Christianity from this Jewish onslaught, he simply replied: ""I am a sinner. This is the most accurate definition. It is not a figure of speech, a literary genre. I am a sinner".

Contrary to that, when former dancer, singer, actress and model, Mary Habiba Davidson (a Christian) converting to Islam, left her successful "modern life-style". She said: "There are certain thing that I would not do because of my religion now. I would not want to wear a bikini in one of my videos or sing something meaningless. My religion has not stopped me what I can do. It has helped pave my career. It has inspired me in my singing and the messages I want to spread about peace and love". Her private company has been so successful that she was nominated for the "Business Personality of the Year 2009 Award".

Ha-Ha! :). About a month ago, a (Jewish) couple from Roanoke, Virginia, made-the-papers after having been conned into parting with 4.3 million dollars for a 'fake' Jackson Pollack. (You might ask: How could anyone perceive counterfeit out of anything which was never more than shit, anyway???)

The couple, named 'Taubmann', were actually not the only ones some enterprising Chinaman made fools of by throwing around paint in his Long Island garage, paid by some fashionable 'art' dealer in Manhattan, to be displayed in her posh gallery to lure in the nouveau elite suckers who thought they were buying what pseudo-sophisticates call 'Art'.

Wonder how much this soy puke will fetch (Oh, excuse me…. 'art')??

the good thing about pukeart is that they are impossible to forge due to dna evidence.

another reason why i highly recommend stocking up on them (hold your breath) is that you can always scrape up some material and clone your own jewish puke artist, chain him in the garage to work 8 hours a day – arbeit macht frei.

Our closest primate relative is the Pygmy Chimpanzee – the Bonobo. Sexual depravity in Bonobos is rather normal. HIV probably evolved from an SIV contaminated culture of Pygmy Chimpanzee cells used to attenuate the polio virus used to produce the first live Polio vaccine in a 1950s Vaccination experiment in Africa.

Mankind culturally evolved religion to prevent such promiscuity. Ironically, it is the very religion – Judaism – which gave us our sexual moral codes – which has stripped them away. This is due to the unfortunate transformation of the ancient procedure of branding slaves with genital mutilation – euphemistically referred to as "circumcision" – as a contract between the Jewish people and their God. Circumcision does not take away the sexual desire. It only makes natural sex between a man and a woman impossible. Jews (and the gentiles which Jews have duped into thinking that genital mutilation has some health benefit) whether they admit it or not are sexually dysfunctional.

"The experience of the ages has shown that babies thrive best in a trusting atmosphere of love, gentleness, respect, acceptance, nurturing, and intimacy. Cutting off a baby's foreskin shatters this trust. Circumcision wounds and harms the baby and the person the baby will become. "

The Foreskin Is Necessary

I have known jews all my life in every sector of society except the military – where these raptiles were rarely seen in my basic training companies in the early sixties when I trained young warriors to DEFEND this land – NOT – To become the judized socipoathic putrid mercenary scum I see today who consider the military as a an excuse to murder civilians and vent their racist hatred against defenseless women and children.

So where were all these jews when I was serving my country? They were of course doing what they do best. At home safe and sound – bedding down and seducing our wives sisters and sweethearts and I am relating from FIRST HAND EXPERINCES.

I went back to the university to complete my studies after my military obligations were completed. My first roommate at 'jew U' – as the university of Miami was popularly known – was a jew draftdodger. His main object in life – like all of his putrid tribe – was to see how many gentile 'shiskas' he could bed down.

He preyed upon virgins specificly because the idea of taking the virginity from a young Christian girl actually enhanced his already sick twisted libedo. After a few weeks of his insufferable arrogance and filthy lifestyle – I kicked his sorry jew ass OUT!

I have also lived with jews in IsraHELL – the armpit of the universe underworld. here you can experience the uttermost demonic (Read John 8-44) filth that humanity has spawned. For example Tel Aviv has more whore houses per square mile than any city on earth! The creature there are the absolute scum of the earth – devoid of any goodness character or decency.

The jew is a demon born of Satan. How do I know this to be a FACT (aside from a lifetime of experience)? Once again – see what Christ had to say about these reprobate degenerate sub human scum in the Gospel of John 8-44.

Jews are degenerate filthy animals without souls. Their capacity for cruelty sadism and destruction of entire nations morally and economicly are without peer. Jews have casued more misery death destruction debasement of innocents greed corruption pedophilia homosexual perversions and general criminal activity than all the rest of humanity combined.

Jews are the harbingers of death – parasites and vampires who live off the blood of their victims and masters of deceit. Their children are taught to hate cheat and swindle us goyem Gentiles fromthe day the pop outof their demon mother's womb!

There is NOTHING so cruel and monsterously vicious as a jew child. I witnessed cruelty by these miniature demons against other defensless innocent children that would defy your wildest nightmares.

As the father and first President of our country lamented – over two centuries ago: "The jews work more efficiently against us than the enemie's armies! They are hunded more times more dangerous to our liberties and the great cause we are engaged in….. It is much to be lamented that each state – long ago has not hunted them down as pests to society, and the GREATEST ENEMIES we have to the happiness of America"

These filthy scum do NOT belong here as they can NEVER EVER be loyal Americans and will ALWAYS be treasonous to our nation in their conduct. We MUST kick their demonic wicked carcasses our of our blessed land once and for all – lest we also become victims to their abysmal demonic filth and endless lust for evil and wickedness.

Not ONE of these demons has EVER honestly repented for their endless crimes against humanity – and they never will. The proof of what I say is in Scripture as they were damned by the Lord Christ. And YES – I WILL say it again.

READ THE DAMNATION BY JESUS – of these demons from hell – as you will NEVER hear this profound truth spoken from the pulpits of our false churches by cowardly false 'pastors' who have long since sold their collective souls to the demonic jews whom they are loyal instead of Christ – whose word they are ashamed of – lest they embarrass Satan.

Otherwise how could it be possible that in the past 2 decades of questioning hundreds of so-called Christians – not even ONE of these fools had even heard of what Christ said about these lying demons from hell from their pastors or priests.

READ IT !! FROM THE GOSPEL OF JOHN – 8-44 and learn the TRUTH!

Dare you even have the moral courage to even ASK these false 'religious leaders' as to WHY they have NEVER spoken His words on this matter to their 'flock'?

Ever wondered why the Jewish lobby groups in the United States, Canada and Australia are against Snowden and his Jewish confident Glenn Greenwald? The Jewish-controlled media hate to mention that both Snowden and Greenwald have committed an unforgiveable crime by exposing Israeli links to the US

National Security Agency ‘s (NSA) spying on foreign leaders and local Muslim and Latin-American communities which are not considered pro-Israel.

These two guys have been slandered with all kind of evil names, but none may be quite as antisemitic as the response from Canada’s Israeli poodle Stephen Harper’s official. On Thursday night the Canadian Crown Corporation, Canadian Broadcasting Corporation (CBC) released a report quoting British journalist Glenn Greenwald that Ottawa have been spying on passengers, especially Muslims, via Israeli Wi-Fi services at a Canadian airport.

On Friday, Paul Calandra, prime minister Stephen Harper’s parliamentary secretary, blasted both the CBC and Greenwald for lying. He crossed all House of Common’s rules of decency in debating, and called Greenwald, a Porn Spy.

my opinion – the thing driving all this sexual exploitation is only money, the most dependable driver of all forms of exploitation. sure the jews are involved. it's because of the profits, not because they're all natural born soulless shitheads every one. capital exploits everything possible sooner or later. where the situation has become exploitative it is one more example of the gradual decline under the capitalist methodology. sex sells products. and pornography sells itself. who's worse, the jewish person selling or the waspy person buying? the sexual conduct of consenting adults is really nobody else's business. that should be about all there is to it. one person's morays may be different from another's. not everyone thinks prostitution and homosexuality are evil and degenerate. but being illegal makes it look that way. one thing for certain – it's not the state's place to dictate sexual morality.

Kudos Lasha, and those eloquent commentators above! I will attempt to throw in my $.02:

When I was a young lad at summer camp in Maine, aged 11, I was amazed at the clear bifurcation of "cabin chat". We Christian zonks talked of upcoming wilderness or ocean trips; the Jewish kids (all 10 or 11 in this particular cabin) talked incessantly of the camp's kitchen staff——mostly college girls and some of them, to be honest, almost paralyzing to us young boys, what with their beauty and latent sexuality. All the Jews talked about was trying to get sexual favors off these gals. In our cabin BS sessions, they talked about "licking p___y, getting b___ -j__s, and talking the hot gals into (any form of sexual depravity). I was amazed to see how well beyond puberty these Jews were. They masturbated at night and some of my peers did, indeed, see their erections, etc. Several of the more religious amongst us (not I), tried to complain to the counsellors assigned to our cabins about this vile, suggestive and lurid chatter and depravity. They did what they could, but the end result was the Jewish kids simply took it to other areas of the camp. Part of it, we all knew, was to boast, lie and otherwise put us goys down. But part of it was an accurate revelation of how Jews were so different from the rest of us.

I just went back to my 45th at Hanoi-on-the-Charles. I remember, upon graduation from a prep school, south of Boston, on the day of "thick or thin" envelopes, the utter screeching outrage of one of my Jewish classmates. He was waitlisted, but he had better grades than I and many others. He and his vile dwarfish, communist parents were screaming "Quotas! It's the goddmaned quotas!!!" (Google up the RIP on Martin Slate, or his youger brother, my class-mate, Jeremy) …..Well, it may well have been quotas. If Harvard admitted only on the bases of intellect, scholarly achievement, etc. it would be half Jewish and half oriental! Additionally, Harvard may have been reacting to the Mark Rudd style of politics Martin had brought to the campus.

So, 50 years later, at my college class' 45th, I encountered many of my classmates, half of them Jews. Almost ALL the goys, such as myself, were veterans of the military. NONE of the Jews had served. All got 2-S's for grad schools, 1Y's, 4-F's or even more condemnatory classifications. I had joined the Navy my Junior year (1967) and heard endless stories from the Jews about how I was an idiot and how their doctor-uncles were going to get their deferrments. Hoo boy!

One of my Jewish classmates, a doctor, is lobbying hard in the Massachusetts General Court (largely an adjuct of Comintern) for a license for growing and selling medical marijuana. Interesting. It's destined to be hugely profitable for him and his associates, and recent revelations about the medical and mental impacts of the weed be damned…

If you look up the Hebrew definition for the word – RA – it means bad , wicked … dysfunctional – stuff along those lines .

If you look up the Hebrew definition for the word – EL – it translates to God

The look at the word Israel .

Is – Ra – El … Is bad/wicked god , it's kinda spelled out .

Also so if you think of "is" in hieroglyphic form the S could represent a snake … So it would say – I snake .
